NARESH C

Computer Science (AI) Student | Software & AI Developer

Coimbatore, Tamil Nadu, India +91 63801 16798 nareshc@karunya.edu.in github.com/naresh-tech6380
linkedin.com/in/naresh-c-269133350

PROFILE

Third-year B.Tech Computer Science and Engineering student specializing in Artificial Intelligence, with hands-on experience building AI, computer vision, information retrieval, and full-stack web applications. Shipped working products using Python and JavaScript and seeking software engineering or AI/ML internships and entry-level opportunities.

EDUCATION

Karunya Institute of Technology and Sciences Expected 2028
Bachelor of Technology in Computer Science and Engineering - Artificial Intelligence | Coimbatore, India

TECHNICAL SKILLS

Languages	Python, Java, C++, JavaScript, SQL, HTML, CSS
Frameworks	React, FastAPI, Gradio, PyTorch, OpenCV
Platforms & Tools	Git, GitHub, Firebase, SQLite, Hugging Face, Canvas 2D
AI / ML	CLIP, BM25/BM25+, zero-shot learning, computer vision
Core	Data Structures and Algorithms, DBMS, Computer Networks, Cybersecurity, REST APIs

SELECTED PROJECTS

CLIP-StreamAD - Zero-Shot Industrial Anomaly Detection **Python | PyTorch | OpenCV | CLIP**

- Built a training-free MVTec AD pipeline for anomaly scoring and patch-level heatmaps; validated bottle defects at 0.981 image score and 0.846 pixel AUROC across 169 CPU-scored patches.

AI Virtual Interview Bot & Candidate Screening **Python | Gradio | SQLite | Hugging Face**

- Developed a Gradio workflow that extracts resumes, runs multi-turn interviews with a local Hugging Face model, scores responses, stores results in SQLite, and generates PDF reports.

PixelArena - Web Arcade Platform **JavaScript | Canvas 2D | Firebase | PWA**

- Built and deployed a four-game mobile PWA with responsive controls, Firebase leaderboards, and analytics; recorded 16 active users, 32 page views, and 17 game starts in the first launch push.

Free PDF Toolkit **HTML | CSS | JavaScript | pdf-lib | PDF.js**

- Published six privacy-first PDF tools for merge, extraction, conversion, compression, rotation, and image export; all processing runs client-side with no sign-up or file uploads.

EXPERIENCE

Business Operations Lead - Amar Electrical & Hardwares Ongoing
Partnership-Owned Retail Business

- Contribute to day-to-day operations of the family electrical and hardware retail business while pursuing full-time engineering studies.

ADDITIONAL

Problem Solving	Completed 43 structured DSA problem lessons across BytsOne coursework, with C++ solutions on LeetCode
Coursework	Design and Analysis of Algorithms, Theory of Computation, Computer Vision, Information Retrieval
Languages	Hindi (native), English and Tamil (professional working proficiency)
